

## Foodstuffs South Island Ltd (FSSI) Temperature Controlled Handling Unit Management for Suppliers

*Fresh Produce and Butchery product can be supplied to our Temperature Controlled Distribution Centre in any of the following packaging handling units:*

### Standard Cartons

Cartons must not exceed 16 Kg in gross weight and must have the FSSI appropriate barcodes as outlined on the FSSI website.

There might be some exceptions to this for random weight product, which must be approved by the merchandise manager for meat and seafood or produce.

### Produce Bins

Produce Bins must not exceed 1000KG in weight (inclusive of pallet) and must not be more than 1.3m high. These bins can be either CHEP or Loscam.

All Bins must have FSSI appropriate barcode labelling to identify the product.

Bins are charged and paid based on the purchase order between supplier and FSSI.

CHEP Foldable Bin	Loscam Foldable Bin
	

## Collapsible Crates

Crates must be collapsible and can either CHEP or Loscam, as shown below. All crates must be delivered on A CHEP or Loscam Pallet.

All Crates must have FSSI appropriate barcode labelling to identify the product.

Crates are charged and paid based on the purchase order between supplier and FSSI.
